*We are an external provider of alternative education packages for young people and vulnerable adults in challenging circumstances.*

## Our Purpose

Is to offer individualised, personal-centered and high quality programmes, which ensure that all young people have the opportunity to develop and apply the knowledge, skills and understanding that will help them become successful learners, confident individuals and responsible citizens

## Our Aim

- To provide alternative education programmes for young people and adults who require a smaller nurturing and individual approach to their education, with committed, passionate staff who provide a supportive environment and network enabling them to succeed.
- The curriculum will be designed to ensure the holistic development of the learner, with the emphasis on the social and emotional aspects of learning (SEAL)
- A range of complementary programmes will be used to support the development of literacy and numeracy. Including intervention programmes for those that are below age related expectations.

We will also look to embrace the vast and varied opportunities which can develop the learners and underpin their progress. This will be done through core skills as well as developing strong levels of independent thinking and self-confidence through challenges and achievement.

- To provide a fundamental service to the community, enabling positive social interactions.

## Time Scale

From your initial enquiry, we expect to have identified and matched a suitable educational plan and start your provision within 3-21 days

## The Programme

The curriculum is designed to ensure the holistic development of the learner, with emphasis on the social and emotional aspects of learning.

A range of complementary programmes will be used to support the development of literacy and numeracy, including intervention programmes for those that are below age related expectations.

We can tailor a programme to suit your requirements. Just let us know what they are and we will endeavor to design a programme for you.
